Office of the Principal

May 6, 1999

Dear «Name»,

On behalf of the Operation Day's Work committee and Olson Middle School we would like to thank you again for your participation and cooperation with our school and students. Based on the attitudes and comments from the students we are convinced that the work day was smooth and enjoyable.

Without your help and support, there would be NO difference in the lives of impoverished youth or in our communities youth.

To show our appreciation to each of the coordinators, we would love to have you join us in a barbecue at our school. We also plan on arranging a fun tug-of-war event between the students, employees, supervisors, etc... This is an optional event we thought would be fun.

This will be taking place... **MAY 27, 1999**. If May 27 ends up being a rain day we will push the date up to **MAY 28, 1999**. **(please see invitation)** The location will be at Olson Middle School in the courtyard. We all look forward to spending time with you. Your help made the day a success!

Thanks again,
Operation Day's Work Committee
